| 25 - 100 mm (1"-4") | 0,76-20,7 bar (11-300 psig) | 95 % | Nei | Væske og gass |

Beskrivelse

The ZANITARY® Series is an advanced sanitary disk designed for the biotechnology, pharmaceutical and food processing industries. The new design effortlessly fits between standard sanitary ferrules.

The ZANITARY® Series includes a ground-breaking rupture disk technology for rigorous sanitary and hygienic applications, utilizing the patent pending ZOOK Unique technology. The innovative manufacturing process and advanced design provides the best solution for high-performance pressure relief solutions.
